Academic Health Department Workgroup Charge

The [Academic Health Department \(AHD\) Workgroup](#) is charged with advising the [Council on Linkages Between Academia and Public Health Practice](#) on the development and activities of a [Learning Community](#) for individuals and organizations involved or interested in the AHD concept. The Workgroup will contribute to defining the AHD concept, delineating the purpose of the Learning Community, and developing parameters and a plan of action for the Learning Community. Workgroup members may be requested to review relevant materials, consider input from public health professionals, provide guidance on community organization and activities appropriate for meeting the needs of the audiences identified above, and advise on topics to be addressed during Learning Community meetings.
