

Program Plan for the Development of Future Public Health Leaders – the Teaching Health Department

Brainstorm Worksheet #1

Amanda C. Mehl, RN, MPH, Public Health Administrator, Boone County Health Department¹

How many plans and projects have gone undone in the past 12 months?

Why? _____

How many of these could have been accomplished with student help? Which ones?

If you are working towards **PHAB Accreditation or Re-Accreditation**, what specific Domain tasks can you think of that have yet to be started, completed, and/or updated? Would any of these tasks fit nicely within the timeframe of 3-9 months that you would have an intern? _____

If you are working on **Mobilizing for Action through Planning and Partnerships (MAPP)** to complete your **Community Health Assessment/Community Health Improvement Plan**, what specific tasks can you think of that have yet to be started, completed, and/or updated? Would any of these tasks fit nicely within the timeframe of 3-9 months that you would have an intern?

¹Credit to be given to Lynden Schuyler, MBA, MPH, former CDC PHAP Associate who helped to develop the Boone County Health Teaching Health Department

What sort of benefits could you achieve internally by inviting students into your health department?

What educational institutions might be nearby? Links to Illinois institutions of higher learning are included here: <http://www.collegesimply.com/colleges/> and <http://www.collegedegree.com/states/>

Brainstorm a list below of non-public health/non-nursing degree programs you may be interested in outreaching to for students to join your team at your health department:
