

The Council on Linkages Between Academia and Public Health Practice (Council) exists to improve public health practice, education, and research by fostering, coordinating, and monitoring links among academia and the public health and healthcare community; developing and advancing innovative strategies to build and strengthen public health infrastructure; and creating a process for continuing public health education throughout one's career. In order to fulfill this mission, membership on the Council requires a certain level of commitment and involvement in Council activities. At a minimum, Council involvement requires that:

- The Member Organization (Organization) selects an appropriate Representative (Representative) to serve on the Council for, at a minimum, one year. Organizations are strongly encouraged to select Representatives who can serve for terms of two or more years.
- The Representative has access to and communicates regularly with the Organization's leadership about Council activities.
- The Representative is able to present the perspectives of the Organization during Council meetings.
- The Representative attends and actively participates in scheduled meetings and does not miss two consecutive meetings during a given year unless the absence is communicated to Council staff and approved by the Chair before the scheduled meeting.
- The Organization identifies a key staff contact who will keep abreast of Council activities via interaction with Council staff, attendance at locally-held meetings, and/or regular contact with the Representative.
- During at least one meeting each year, the Representative presents the progress his/her respective Organization and members have made toward implementing and sustaining productive academic/practice linkages.
- The Representative and Organization contribute to the Council's understanding of how Council initiatives and products are being used by the members/constituents of the Council Organization.
- The Representative (or staff contact) responds to requests for assistance with writing and compiling Council documents and resources.
- The Representative and Organization disseminate information on linkage activities using media generally available to the Council's constituency and specifically to the respective membership of the Council Organization.
- Upon request of the Council Chair, the Representative officially represents the Council at meetings or presentations widely attended by members of the practice and academic public health communities.
- Upon request of the Council Chair, the Representative assists Council staff with identifying and securing funding for projects, advocating Organizational support for specific initiatives, and serving on Council subcommittees.

We have read and understand the Participation Agreement described above and agree to the obligations and conditions for membership on the Council on Linkages Between Academia and Public Health Practice. We understand that membership and representation is voluntary, and we may withdraw Representative and/or Organizational participation at any time if we are unable to meet the above outlined responsibilities.
