

CQI Song

Verse:

**PEOPLE! There's no need to feel down!
PEOPLE! Pick yourself off the ground!
Because PEOPLE, you are in a new town
And you're learning so much new stuff.**

**PEOPLE are listening to us
We said PEOPLE, we don't want you to fuss
So the next time CQI gets you down
Just stand up and sing this chorus:**

Chorus:

**It's so fun to do C-Q-I!
We all love to do C-Q-I!
We love cause and effect
Making flow charts that work
And force field an-al-y-sis!**

**It's so fun to do C-Q-I!
We all love to do C-Q-I!
We can get lost in Gantts
Problem solve in a flash
Do all these and 10,000 other tasks!**
