

KANE COUNTY - JOB DESCRIPTION

JOB TITLE: COMMUNITY HEALTH SPECIALIST III – Data and Quality Coordinator

JOB CODE: **PAY GRADE: 12**

FLSA: X (Union) **DEPARTMENT: Health** **POSITION:**
 Exempt **Non-exempt**

GENERAL SUMMARY:

The Data and Quality Coordinator promotes individual and population health by leading public health informatics and quality improvement initiatives across all units in the Department. Responsibilities include developing, implementing, and evaluating these initiatives, establishing, leading and maintaining intra- and inter- departmental teams, and managing work plans and timelines. Work will involve multiple initiatives and projects at any given time and will change as the initiatives and projects evolve.

ESSENTIAL FUNCTIONS:

Under general supervision and/or as part of various workgroups and teams, the Community Health Specialist III: Data and Quality Coordinator performs the following essential functions within the framework of Kane County Health Department's provision of the core functions and essential services of public health:

Public Health Sciences

1. Facilitates and implements the development, implementation and evaluation of a comprehensive public health informatics strategic plan for the Department.
2. Provides technical assistance to Divisions and teams regarding public health informatics, data collection processes, information technology applications, and computer systems storage/retrieval.
3. Facilitates and implements the development, implementation and evaluation of a comprehensive public health quality assessment and improvement plan for the Department.
4. Coordinates the process for the Department's application for accreditation by the Public Health Accreditation Board.
5. Provides technical assistance and training on quality assessment and improvement to Divisions and teams.

Community Dimensions of Practice

6. Participates in the Department's design and application of the community health improvement strategies with a particular emphasis on developing and implementing

evaluation of specific, measurable action plans in partnership with public and private organizations.

7. Participates with community health partners in the development and implementation of Health Information Exchange(s).

Analysis and Assessment

8. Contributes public health informatics expertise to the Department's community needs assessment process, health improvement goal setting, identification of public health policy and action options, program development, and creation of monitoring and evaluation plans.
9. Performs data analyses and creates visual presentations of findings.

Leadership and Systems Thinking

10. Facilitates and implements Departmental quality improvement and evaluation initiatives.
11. Facilitates and implements Departmental public health informatics initiatives.
12. Coordinates Department's application preparation for national public health accreditation.
13. Demonstrates knowledge regarding and compliant with applicable professional practice guidelines and any other Federal and State laws and regulations applicable to practice as a public health professional.
14. Adheres to Occupational Safety and Health Administration standards, such as those concerning exposure to bloodborne pathogens, toxic substances, airborne pathogens or exposure to other hazards during routine assignments or assignments during public health emergencies.
15. Contributes to a work environment where continuous quality improvements in service and professional practice are pursued.

Policy Development and Program Planning

16. Conducts comprehensive reviews of evidence related to public health informatics, quality improvement and public health accreditation.
17. Serves on inter-jurisdictional or multi-agency committees involved in policy development related to public health informatics, health information exchange, quality improvement and/or public health accreditation.

Communication and Cultural Competency

18. Delivers targeted, culturally-appropriate information to help individuals and groups understand health promotion and disease prevention information, policies, regulations and local code.
19. Utilizes appropriate methods for interacting effectively and professionally with persons of all ages and from diverse cultural, socioeconomic, educational, racial, and ethnic, sexual orientations, lifestyles and physical abilities.
20. Adheres to ethical principles and Kane County Health Department policy in the collection, maintenance, use, and dissemination of data and information.

Financial Planning and Management

21. Contributes to the development and preparation of proposals for funding from external resources for health promotion and disease prevention initiatives and programs.
22. Collaborates in activities such as time studies that contribute to the development of budgets and the efficient use of resources.

Other

23. Performs public health emergency response duties as assigned and consistent with training provided, in response to threats to the public's health consistent with job classification.
24. Participates in Department and community emergency response training and drills in support of public health emergency and disaster preparedness consistent with job classification.
25. Assumes responsibility for own professional growth and development by pursuing education, participating in professional committees and work groups and contributing to a work environment where continual improvements in practice are pursued.
26. Performs other duties as assigned consistent with job classification.

BEHAVIOR EXPECTATIONS:

- Treats others with courtesy and respect in all interactions.
