

## COUNCIL ON LINKAGES BETWEEN ACADEMIA AND PUBLIC HEALTH PRACTICE

---

### Journals That Publish Practice

#### ***AIDS Education and Prevention: An Interdisciplinary Journal***

This journal publishes articles on existing theoretical models of AIDS education and prevention. It also has a "Notes From the Field" section.

<http://www.guilford.com/periodicals/jnai.htm>

#### ***American Association of Occupational Health Nurses Journal***

*AAOHN Journal* is the official journal of the American Association of Occupational Health Nurses (AAOHN). "The purpose of *AAOHN Journal* is to support and promote the practice of occupational health nursing by providing occupational health nurses with the most current research findings, clinical and technical data, and state-of-the-art information on issues which impact on the practice."

<http://www.aaohnjournal.com>

#### ***American Journal of Health Behavior***

This journal seeks to improve the approaches of health education, health promotion, and other multi-disciplinary health efforts by fostering a better understanding of the multidimensional nature of both individuals and social systems as they relate to health behaviors.

<http://www.kittle.siu.edu/ajhb>

#### ***American Journal of Preventive Medicine***

This journal publishes articles on all aspects of practice, education, policy, and research in preventive medicine and public health.

<http://www.elsevier.com/locate/ajpmonline>

#### ***Applied and Preventive Psychology***

"This review journal is intended for the scientist-practitioner engaged in the scientific, epidemiological, or public health approach to psychological problems."

<http://www.nd.edu/~japp>

#### ***BMC Public Health***

This is an online, "open access journal publishing original peer-reviewed research articles in all aspects of epidemiology and public health medicine."

<http://www.biomedcentral.com/bmcpublichealth>

#### ***Community Mental Health Journal***

This journal is "sponsored by and is an official publication of the American Association of Community Psychiatrists and is devoted to the broad fields of community mental health theory, practice, and research."

<http://figaro.catchword.com/titles/00103853.htm>

#### ***Evaluation and Program Planning***

The primary goals of this journal are to "assist evaluators and planners to better the practice of their professions, to develop their skills, and to improve their knowledge base."

**Field Action Reports department of the American Journal of Public Health**

"The emphasis of this peer-reviewed department is on reports from state and local public health agencies and community-based programs. Descriptions of innovative programs that have been proved successful and cost-effective are sought."

<http://www.ajph.org/misc/far.shtml>

**Health and Social Work**

This journal is committed to improving social work practice and extending knowledge in the field of health.

<http://www.naswpress.org/publications/journals/health/hswintro.html>

**Health Education and Behavior**

Published by the Society for Public Health Education (SOPHE), articles in this journal are directed toward researchers and/or practitioners in health behavior and health education.

*Practice Notes: Strategies in Health Education* is intended to keep readers informed about education practice around the country.

<http://www.sph.umich.edu/hbhe/heh>

**The Health Education Monograph Series**

Published by Eta Sigma Gamma (ESG), the National Professional Health Education Honorary, this journal publishes research and practice papers written by academicians, students, and practice professionals.

<http://www.bsu.edu/web/esg>

**Health Educator**

Published by ESG, this journal features a variety of articles on research, practice, history, and theory. The journal has a standing column "Health Education in Practice," which is devoted to health education applications in all settings. Publication guidelines require that at least one author be a member of ESG.

<http://www.bsu.edu/web/esg>

**Health Promotion Practice**

Published by SOPHE, this journal contains articles on practical applications of health promotion and health education programs in various settings.

<http://hpp.sagepub.com>

**Journal of Behavioral Medicine**

This journal is an interdisciplinary publication devoted to furthering the understanding of physical health and illness through the knowledge and techniques of behavioral science.

<http://www.springer.com/journal/10865/about>

**Journal of Community Health**

This journal "offers original articles on the practice, teaching, and research of community health, providing coverage of preventive medicine, new forms of health manpower, analysis of environmental factors, delivery of health care services, and the study of health maintenance and health insurance programs."

<http://www.springer.com/journal/10900/about>

***Journal of Health Communication***

This journal publishes research in social marketing, shared decision making, communication, psychology, government, and health education around the world.

<http://www.gwu.edu/~cih/journal>

***Journal of Midwifery & Women's Health***

"The journal's focus is on current research and new knowledge in maternal-child health, well-woman gynecology, primary health care, family planning, and health care policy."

<http://www.jmwh.org>

***Journal of Public Health Management and Practice***

This journal provides practice-based information applicable to the design and implementation of public health programs.

<http://www.jphmp.com>

***The Journal of Rural Health***

This journal "serves as a medium for communication among health scientists and professionals in practice, educational, research, and policy settings. The principal goal of the journal is to advance professional practice, research, theory development, and public policy related to rural health."

<http://www.nrharural.org/pubs/sub/JRH.html>

***Maternal and Child Health Journal***

This journal brings together studies from practitioners, researchers, and policy analysts in all areas of maternal and child health.

<http://www.springer.com/journal/10995/about>

***Public Health Nursing***

This journal publishes "thought-provoking theoretical discussions, timely reviews, dynamic clinical reports and commentary by the nation's health care leaders."

<http://www.blackwellpublishing.com/submit.asp?ref=0737-1209>

***Public Health Reports***

This journal publishes important scientific and programmatic developments, new technologies, policies, and scientific debate with the goal of strengthening public health.

<http://www.publichealthreports.org>

***Prevention Science***

This journal serves as an "interdisciplinary forum designed to disseminate new developments in the theory, research, and practice of prevention. We encourage submissions related to the prevention sciences encompassing etiology, epidemiology, and intervention on a variety of health and social problems."

<http://www.preventionresearch.org/prevscience.php>

***Research in Healthcare Financial Management***

This journal focuses on advancing international research and education and practice in healthcare financial management and related professions.
